“The Streak” WS3

Is it **LUCK** or Something else?

This assignment is connected to your homework from last night, the list of unlucky events. Review your margin notes on the story and the lucky and unlucky incidents Jamie seems to be experiencing. Now you must decide...are they really all based on **LUCK** or something else?

It could be proven that many of the bad **LUCK** events in Jamie’s streak could have been prevented. Your job is to choose three bad **LUCK** incidents that you think could have been avoided and explain how you think he could have done so.
