Our dear Fortunato has gone missing! One unidentified witness has confessed to seeing Fortunato and Montresor leaving together arm-in-arm heading towards Montresor’s palazzo.

Unfortunately the maids and the staff were gone for the day, claiming they were rushed off the property. While this was unusual, it also left no eye witnesses inside the house. This has led to one conclusion... Fortunato is dead.

It is likely that Montresor has killed him. His family is known for such behavior, as it is revealed in his family’s motto.

Fortunato’s body has been found! An unidentified informant has revealed that this sketched photo is in fact our beloved Fortunato. He was allegedly chained to a granite wall and buried alive!

Montresor has gone mad! Police questioned him, asking him why he murdered Fortunato. His only response was, “The Amontillado!” and then belted out a loud laugh. Lady Fortunato insisted on a trial. However, Montresor has jumped bail and is now a WANTED MAN.
